RIHousing- Extremely Low-Income Operating Reserve (RIH-ELI) Program

SECTION 1 PROGRAM PURPOSES

Program Purposes and Objectives. The RIHousing-Extremely Low-Income (RIH-ELI) Program was established by RIHousing.

- 1.1 The primary purpose of this program is to establish operating reserve funds to support the operation of units serving households earning 30% AMI or below, as without such operating support, the long-term success of such units is financially infeasible.
 - 1.1.1 Under the RIH-ELI, funds will be awarded to capitalize a project operating reserve to ensure that developers can create and preserve affordable rental housing for families and individuals with extremely low income including those who are homeless or at risk of being homeless. These funds will bridge the gap between the established 30% Low Income Housing Tax Credit (LIHTC) rents and either
 - the established 50% LIHTC rents for units with existing tenants or new tenants that are not referred by the Coordinated Entry System; and/or
 - the established 60% LIHTC rent for units for new households referred from the coordinated entry system. This includes but is not limited to CES referrals made to HOME-ARP project based chronological waiting lists.
 - 1.1.2 Approval of proposals under the RIH-ELI is subject to availability of funds.
 - 1.1.3 Should RIHousing receive additional RIH-ELI program funds, RIHousing reserves the right to allocate them as part of this funding round.
